4/2026	<p><b>Minutes of Meetings –</b></p> <p>a. <i>Full Council Meeting</i> – 25<sup>th</sup> November 2025, <b>AGREED</b> as a true record.</p>	
5/2026	<p><b>Planning Applications</b> – Members to consider the following, including any applications received after the agenda had been published.</p> <p>a. PA25/08912 Proposed alterations to roof to form gable ends and increase ridge to match the heights part of the existing roof with variation of conditions 1 and 2 of decision notice PA23/07168 dated 30.11.2025. Ferry Climb Townsend Polruan Fowey  <a href="https://planning.cornwall.gov.uk/online-applications/applicationDetails.do?activeTab=documents&amp;keyVal=T6AH2RFGKIZ00">https://planning.cornwall.gov.uk/online-applications/applicationDetails.do?activeTab=documents&amp;keyVal=T6AH2RFGKIZ00</a>.</p> <p><b>OBJECTION</b> to the proposed change to any of the conditions stipulated in 23/07168.</p> <p>Conditions expressly provided that the permission was conditional on: Condition 1 adherence to all the submitted plans, including 1109-'Proposed Landscaping' (TBSCP) "For the avoidance of doubt and in the interests of proper planning" and in respect of landscaping Condition 2 "In the interests of visual amenity in accordance with the aims and intentions of Policy 12 and 23 of the Co resemble more of the original landscaping with hedging, trees and</p>	

<p>grass. This landscape plan was designed to help bring the site back to its original character the plot after demolition (see below); to re-introduce trees and hedging associated with the local landscape, ensure the site appeared as one integrated landscape and that there would be no further subdivision of the plot and further development.</p> <p>It should be noted the original Ferry Climb site consisted of two combined plots:</p> <ul style="list-style-type: none"> <li>• To the west a modest house with a dormer roof and a garden with Scots pine trees</li> <li>• To the east an adjoining plot that was an orchard and paddock providing a rich habitat for wildlife and designated as Countryside in the LBFFPC NDP and not part of the development area.</li> </ul> <p>As such the plot provided a pretty and natural landscape in a prominent position at the entrance of the village and was important in terms of the surrounding character offering a treasured view from the coast.</p> <p>The applicant made applications PA23/04661 and PA23/02530, which represented gross overdevelopment of the site and were subsequently withdrawn. However, prior to any decision being made on these applications the applicant deliberately and aggressively cleared both plots including the removal of trees, hedges and grassland. This devastated both the landscape, leaving it as scrub land, and removed all wildlife. This behaviour by the applicant and agent caused significant upset to both neighbouring properties and the parish council as the landscape in this prominent site in the village of Polruan and was completely devastated.</p> <p>Works have continued on site and eventually planning permission in respect of application PA23/07168 was granted on 30 November 2023 with conditions and including Condition 2 stipulating a landscape plan 1109-Proposed Landscaping'. This landscape plan sought to reintroduce trees and hedging and a design akin to the original landscaping on this site.</p> <p>It is obvious from the current development, and the suggested landscaping plan PA25/08912, that the site has been subdivided into two clear plots: the first with the existing renovated bungalow to the west and the second to the east roughly in the area that was originally an orchard and paddock now laid to waste as scrub land and hardcore areas. The current development and associated landscape plan deviate significantly from the agreed landscape plan '1109-Proposed Landscaping' and is totally out of character with the surrounding countryside area. Some examples include:</p> <ul style="list-style-type: none"> <li>• parking has been repositioned close to the house with an ugly fence construction running through the middle of the site</li> <li>• the front garden adjacent to the house has been laid to hard core not the green lawn shown in the original landscaping plan.</li> <li>• Key item number 12, where a new square has appeared simply noted as 'shed'.</li> <li>• No trees have been planted or are shown on the new plan compared to the 5 trees spread across the site in the original landscaping plan</li> <li>• Cornish hedging on the north boundary to the east of the site has been removed to enable vehicle access to the side during the build process and has not been replaced</li> <li>• </li> </ul> <p>Simply removing a planning condition that was carefully considered as required as part of the application PA23/07168 makes a total mockery of the planning system and the efforts made by Cornwall Planning, Cornwall National Landscape, the parish council and neighbours to ensure a suitable compromise was made for what is such a prominent and important site in the village. This further request for change appears to be a deliberate strategy by</p>

	<p>the applicant to move the boundaries and conditions for this site through a series of purportedly "minor" changes to enable further development of the site. Lanteglos By Fowey Parish Council strongly objects to the request to remove conditions to a previously agreed application.</p> <p>Clerk to upload the parish council's objection to the planning portal.</p> <p>b. PA25/09690 Proposed front porch extension. Proposed enlarged raised balcony with new lower deck and steps. Proposed external improvements and internal alterations 23 Ocean View, Polruan.  <a href="https://planning.cornwall.gov.uk/online-applications/applicationDetails.do?activeTab=documents&amp;keyVal=T80ZMXFGLM100">https://planning.cornwall.gov.uk/online-applications/applicationDetails.do?activeTab=documents&amp;keyVal=T80ZMXFGLM100</a></p> <p>Members resolved to inspect the site, talk to neighbours and for the planning committee of the parish council to meet over teams and discuss the parish council's response.
